Technical Sheet

QDPRORFE
Quik Drive Roofing Tile System

The QDPRORFE is a Quik Drive attachment suitable for screws ranging from 38 mm to 64 mm in length. It can be used for a variety of applications including fixing cladding boards, roof tiles, decking and flooring. The visibility window in the nose peice allows for visual inspection and precise placement of screws and improved accuaracy. Quik Drive attachments are manufactured containing PTFE to reduce friction and impart non-stick properties meaning that no lubrication is required. The QDPRORFE is available as attachment only and extension poles can be purchased seperately.

Features

Material

<u>Kvalita oceli:</u>
S250GD+Z275 dle norem DIN EN10346
<u>Ochrana proti oceli:</u>
275 g/m pozinkováno z obou stran cca 20mm
